Volume 17

# Foreword

The direction our life takes is determined by many things. With time we learn who we are, what we are, and where we are going. Important years are those in high school, an experience that sets the course for the future. What is it that affects us so deeply?

. . . learning in classes we may like or dislike, taught by teachers we may like or dislike.

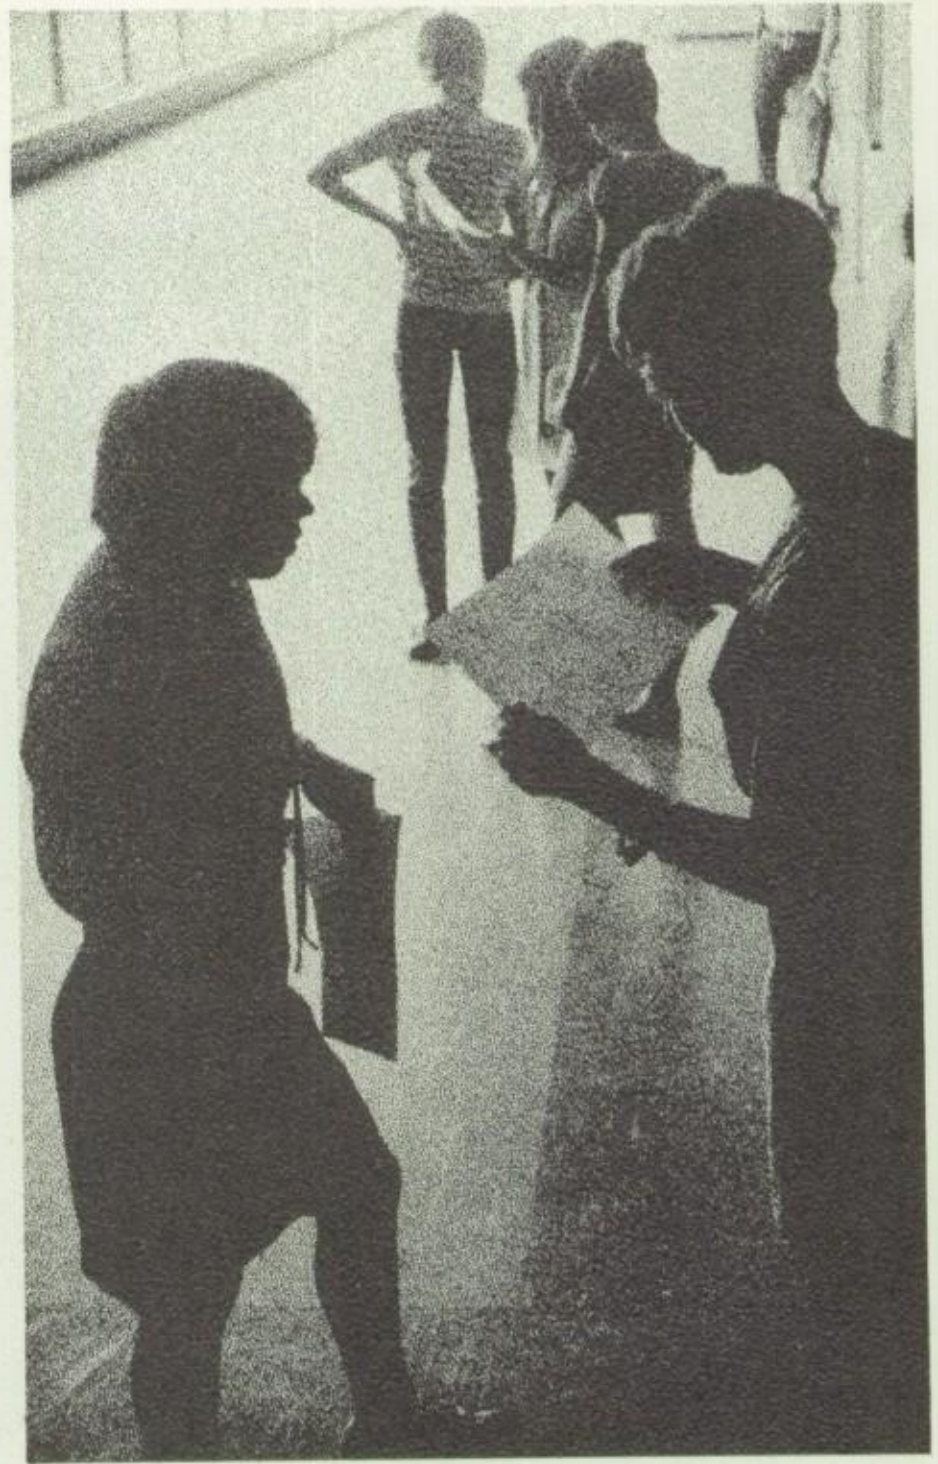

. . . Homecoming and Twirp Week and all the other traditional things that give meaning to the past and order to the future.

. . . a place to express ourselves, to do our own thing in any number of ways.

. . . competition to try ourselves and then know what we do well.

. . . belonging, having friends who listen when we need to talk and whom we help when they need help.

**It all adds up to one thing—an experience that shapes and directs our life.**

# Dedication

Mr. Norman T. Endsley

A former football coach, Mr. Endsley still enjoys mixing it up on the field.

On the surface, a school seems to be made up mainly of students in classes directed by teachers. But, like an iceberg, a large part of what a school is lies beneath the surface. Unlike an iceberg, however, a school is the warmth of people who stay through many years—imparting knowledge to students in class, directing athletes on the field, guiding students through problems, providing a suitable facility with proper equipment and materials, and giving unselfishly of themselves that all in the school may profit and be proud.

Limestone High School is privileged to have such a person who has provided backbone and direction for our school for the past 17 years.

In the tradition of those 17 years, the AMULET staff is proud to dedicate this, the 1970 AMULET, to you, Mr. Norman T. Endsley.

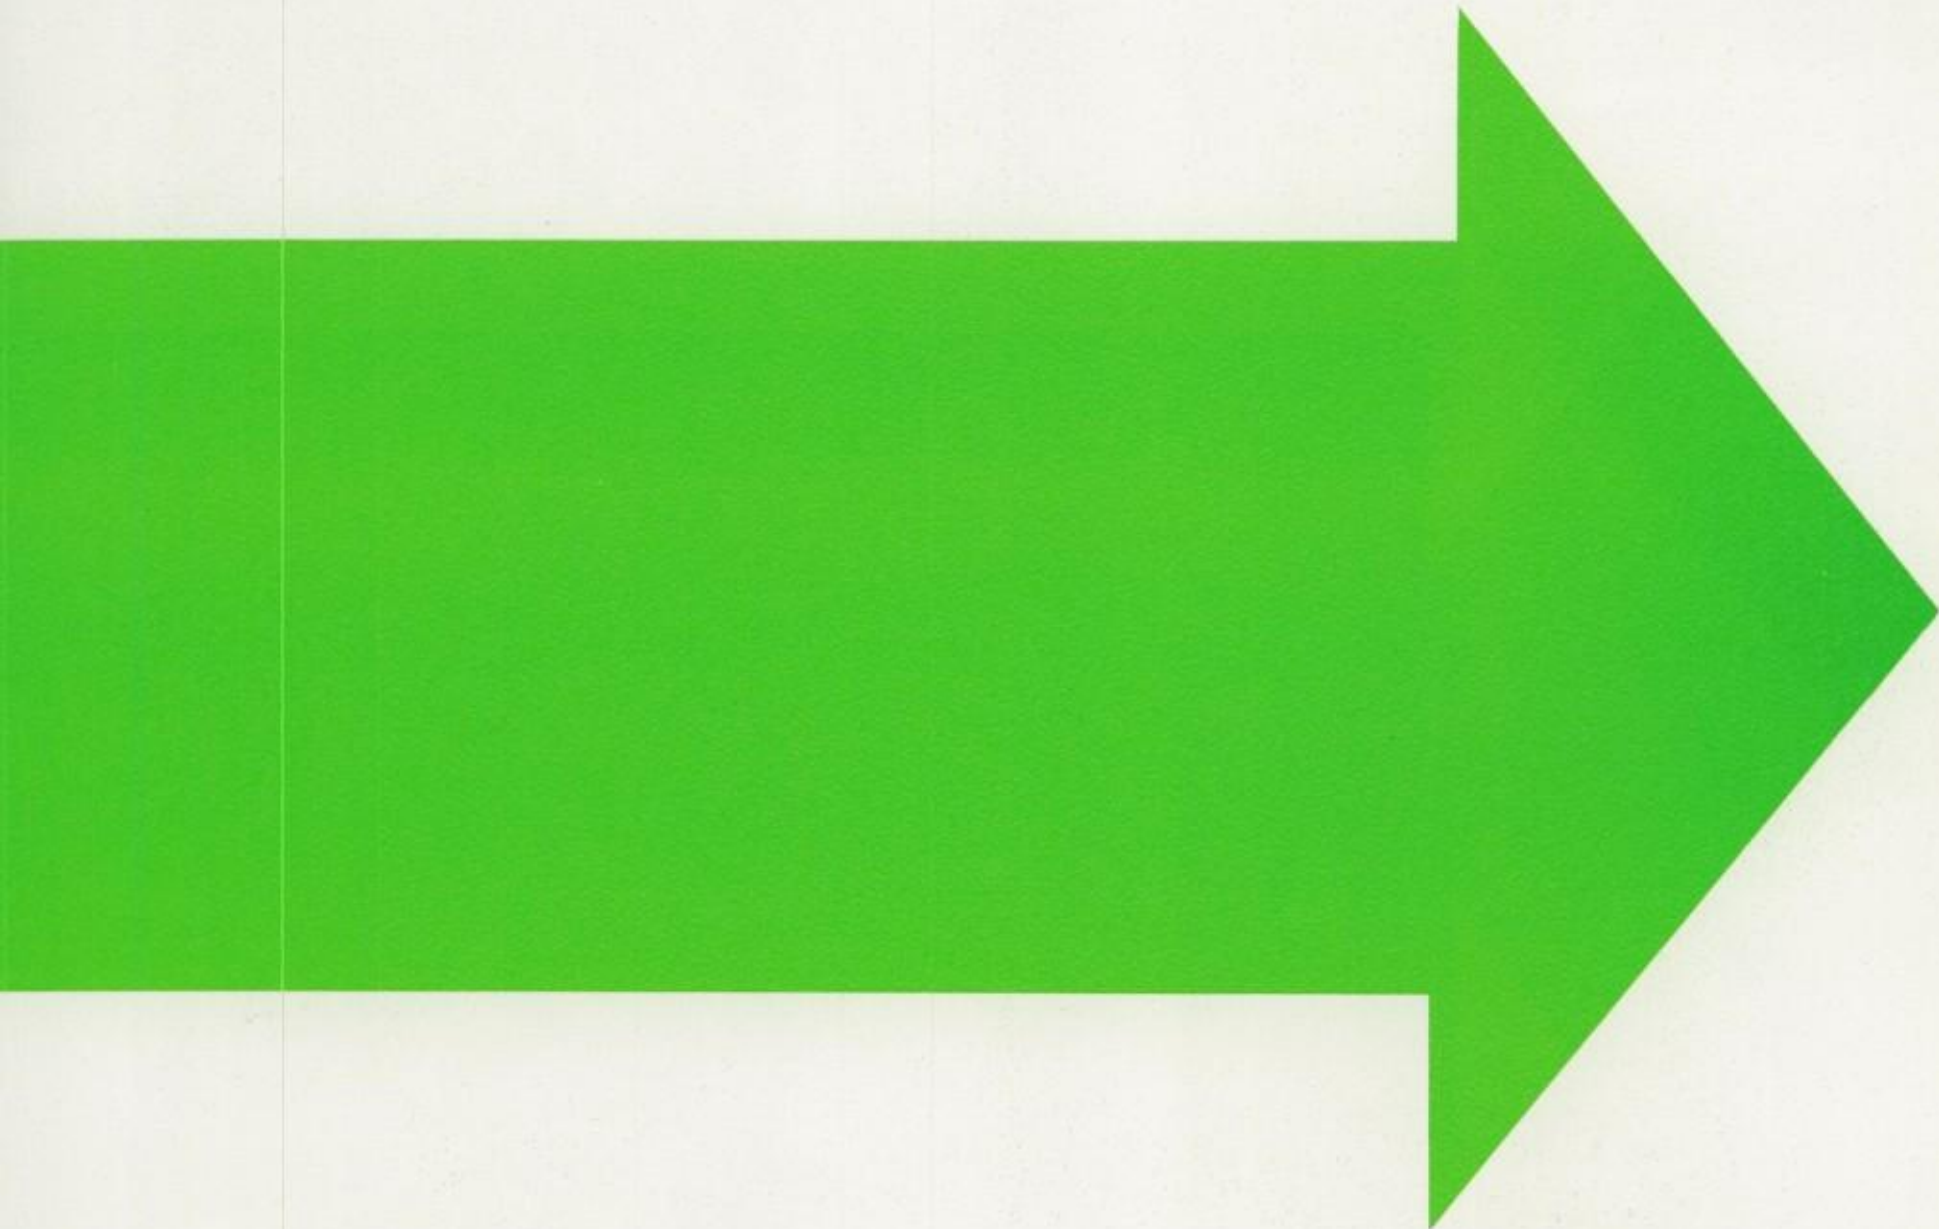

Mr. Endsley's duties as Assistant Superintendent include getting the most education for each tax dollar spent.

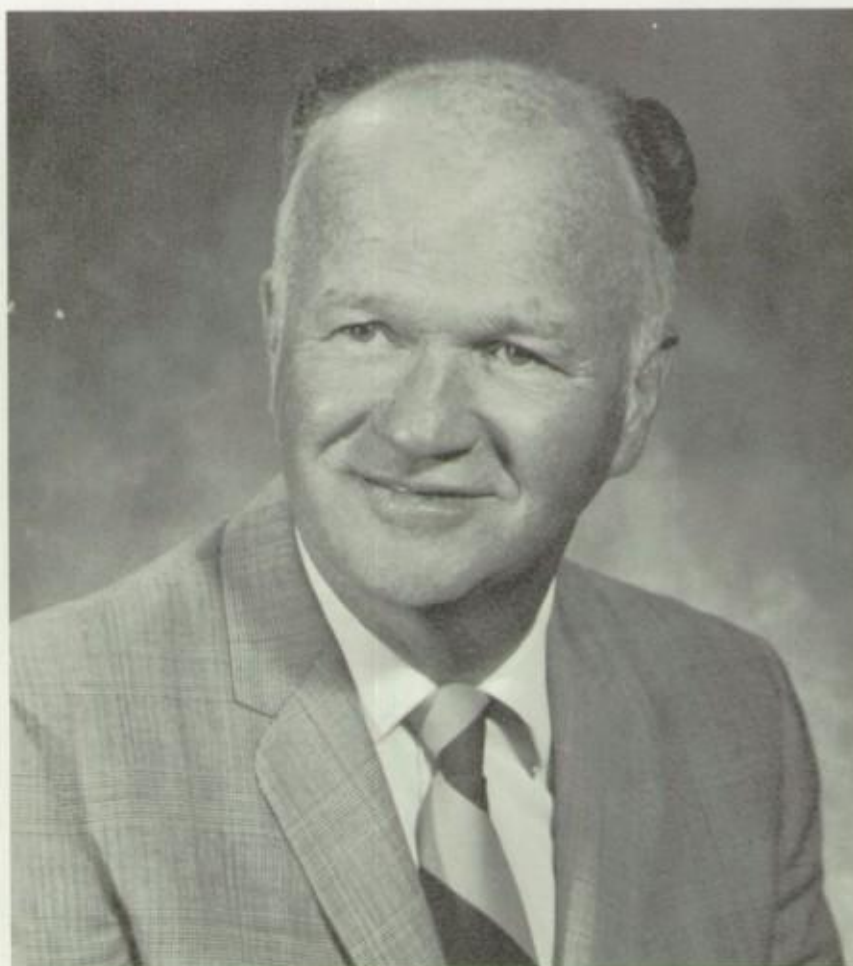

# Academics

Our superintendent, Mr. Frank Leach, remembers when Limestone first opened its doors. He has watched the school grow from 640 students in 1953 to our present enrollment of 1,536. Under his supervision and guidance our school community has grown in size and in academic excellence.

## Administrative Staff

Mr. Norman Endsley, assistant superintendent and business manager, has the difficult responsibility of weighing staff requests for supplies and equipment against the financial realities in order to get the most education per dollar spent.

After a one year absence Mr. Frank Bailey returned to Limestone in 1968 as administrative assistant and curriculum coordinator. He did an outstanding job instructing the OFFER program this past year.

Mr. Kenneth Best

Mr. Jerry Rapp

Mr. Winston Farrow

Mr. Charles Loeffel

Our president of the Board of Education was Mr. Dean Briggs. Our secretary was again Mr. Fred Velpel. This was Mr. Velpel's seventh term as secretary.

Mr. Briggs and Mr. Velpel relax before the start of a Board meeting.

# Deans Enforce School Policy

Mr. Conrad Hopp, dean of boys, is heard every morning delivering the morning announcements. One of his main concerns is disciplinary problems; however, Mr. Hopp is also very involved with scheduling and everyday problems that come up. Many troubled students go to him for solution to personal and school difficulties. These students are always given his full attention. Mr. Hopp, along with Mrs. McCraith, often attends educational and civic meetings representing Limestone.

Dean of Boys - Mr. Conrad Hopp

Dean of Girls - Mrs. Clara McCraith

Dean of Girls Mrs. Clara McCraith's duties are much the same as Mr. Hopp's. They include guidance, counseling, interviewing, and handling disciplinary problems. She was a teacher at Limestone from 1954 to 1961. Mrs. McCraith became a counselor in 1961 and acting dean of girls in 1965. She has been dean of girls since 1967.

# Guidance Department

Mr. Richard Ingram

Limestone students are fortunate in having an outstanding counseling staff at their disposal for the solution of problems which might require some mature advice.

The Limestone counseling staff is always ready to greet students with a congenial smile and warm friendly manner. They assist with problems dealing with scheduling, course requirement, college planning, and, of course, personal problems which arise from time to time.

Our counselors meet weekly with homerooms for group counseling. They also meet privately to discuss such things as job opportunities and planning for the future. The future of our students begins here at Limestone. Making their future happy and successful is the aim of our counseling staff.

# Language Study Challenges Intellect

Studying a foreign language develops a student's knowledge of English. Communication with foreign neighbors can be accurate and worthwhile. History is even brought forth in learning the background of these languages. Much concentration and hard memorization is brought into the learning of a foreign language. Learning as much as possible about a language in high school helps for further study in college.

Bringing the past to the present lets a student achieve historical knowledge. Knowing of problems in the past helps to prevent them from occurring in the future. Students can learn about people from all corners of the world and become better acquainted with their lives. History is in the making every second, and the people of this department bring this history to the student.

## Fine Arts Expands Horizons

Works of art aren't hard to find. Everything in the world involves art. Many students show their interests, personalities, and creativity through projects they make in art class.

While teaching the entire range of music literature the music program develops musical competence and understanding. Both vocal and instrumental students learn and enjoy music, a basic element in our culture.

Journalism deals with methods of transmitting news of the day to the public. Radio, television, and newspapers are discussed with the chief emphasis placed on newswriting as it appears in the daily newspaper. Each student becomes a reporter for the Limelight.

It helps you breathe deeper, keep in shape and just feel good. It can prepare you for future physical and recreational activities that will become necessary. This is why three years of physical education are required.

## Homecoming Attendants

## Rockets Present 'Cinema '69'

"Cinema '69" was the theme for this year's fun-filled homecoming activities. It all started on Monday with an assembly to introduce the queen candidates and the girls nominated for class attendants. Val Lauterbach, Lynn Livengood, Deb Loeffel, Kathy Stevenson, and Nancy Wirsching were the five senior girls nominated for queen. At the variety show on Wednesday night the queen was crowned, and her court was announced.

The annual bonfire was held Thursday night after the second variety show. It was then announced that the junior class won the skit competition with their presentation of "Rockets in Toyland". "Mary Poppins," portrayed by the sophomore class, came in second. The enthusiastic cheerleaders led the spirited crowd while co-captains Randy Light, Joe Slama, and Mike Slater tossed the Red Raider into the burning hot fire.

The varsity football team and cheerleaders were served a "Breakfast of Champions" - consisting of Wheaties - on Friday morning.

Unfortunately, the parade was cancelled because of hard rain which extended into Friday night's game. Nevertheless, faithful Rocket fans stuck it out until the game was postponed just before half-time with the Rockets losing 12-0. The game resumed Saturday afternoon under clear skies with the mighty Rockets returning to defeat the Red Raiders 14-12.

The end of the week was highlighted by the homecoming dance featuring "The Jam Factory". The float competition was announced that night with the sophomores taking first place, juniors taking second place, and freshmen and seniors participating.

Variety Show emcees were Diane Caho and Leon Ricca.

The fall play, "The Skeleton Walks," was a three act mystery-comedy. It took place in an old deserted house on a small island. Elaine Blair, her mother, and her fiance came to look at the property which she had inherited. They found the house in the possession of the mysterious Dr. Fersig, his sinister housekeeper and deaf-mute son.

Elaine and Fersig knew there was money hidden in the house. Thinking Elaine and her party had left the island, Fersig blew up the only bridge to it leaving them all trapped there.

Strange noises were then heard in the house and a skeleton walked through dim shadows. The surprise ending reveals the true identity of the housekeeper and her son.

"Slave Day" continued through Thursday when the slaves obeyed their masters' commands. Friday classes ran backwards since it was "Sdrawkcab Yad." The guys received Hollywood candy bars through the mail from their girlfriends.

The "Famous Couples" dance brought TWIRP WEEK to an end. Six guys were nominated from each class for "Your Favorite Guy". The winners, Eddie Booe, Steve Chitwood, Forrest Krummel, and Eddie Bradford, were announced at the dance.

# Cross Country 3rd in M.S.-9

The 1969-70 cross country squad, comprised of one senior, four juniors, and two sophomores, came on strong this year and finished the season with a 6-4 dual meet record, a third place finish in the big Mid-State 9 run, and a second place finish in the Illini Conference Meet.

Bob DeRousse, a senior transfer from Aurora West, lost only one dual meet and shattered course records. He finished an astonishing first in the Sectional Meet and 33rd in the big State Run at Champaign.

Other members were juniors Kim Schindler, Eric Jones, Ron Callear, and Scott Durham. Two sophomores who cut the mustard were Steve Chitwood and Chuck Cemenska. Coach Johnson is looking forward to another big season next year with six returning lettermen.

# Gridders Take Shape

The football season at Limestone begins long before the first game. Prospective football players give up the last seven days of their summer to participate in a ritual known as Hell Week. Hell Week is a weeding out process. It tells the coaches who can take it; and there is a lot to take! The boys run for miles and miles in full playing gear and do exercises that seem endless. Some of them drop from sheer exhaustion, and everyone is very tired.

For those who quit, it is just a week of hard work. For the ones who stick it out, there is usually a place on the team. Ask a football player and he can truly say that he has lived through hell.

# Team Strives For Goal

The varsity Rocket's football team finished their 17th season with a 4-6 record. The Rockets' four victories came through Bergan, East Peoria, Woodruff, and Canton. Limestone defeated Bergan 30-27, East Peoria 14-12, Woodruff 40-0, and Canton 33-14. There were sprains and bruises not mentioned by the players, for fear of not getting to play.

Limestone fans and coaches expected more from the team that finished 1-2 in the Illini and 3-5 in the Mid-State 9. The season saw lots of action, especially against Bergan when Rod Bledsoe kicked a 26 yard field goal with three seconds to go to win the game.

Making the Illini All-Conference Team were Mike Slater, Gary Rodden, Bob Chandler, and Randy Light who was also the Rockets' most valuable player. Also making the team were specialists Rod Bledsoe and Bob Walker. Only Mike Slater made the M-S 9 team. Tri-captains for the team were Mike Slater, Joe Salama, and Randy Light.

The most improved senior was Tom Harkless. The most valuable homecoming players were Denny Cochran and Rod Bledsoe.

## Wrestlers Young but Tough

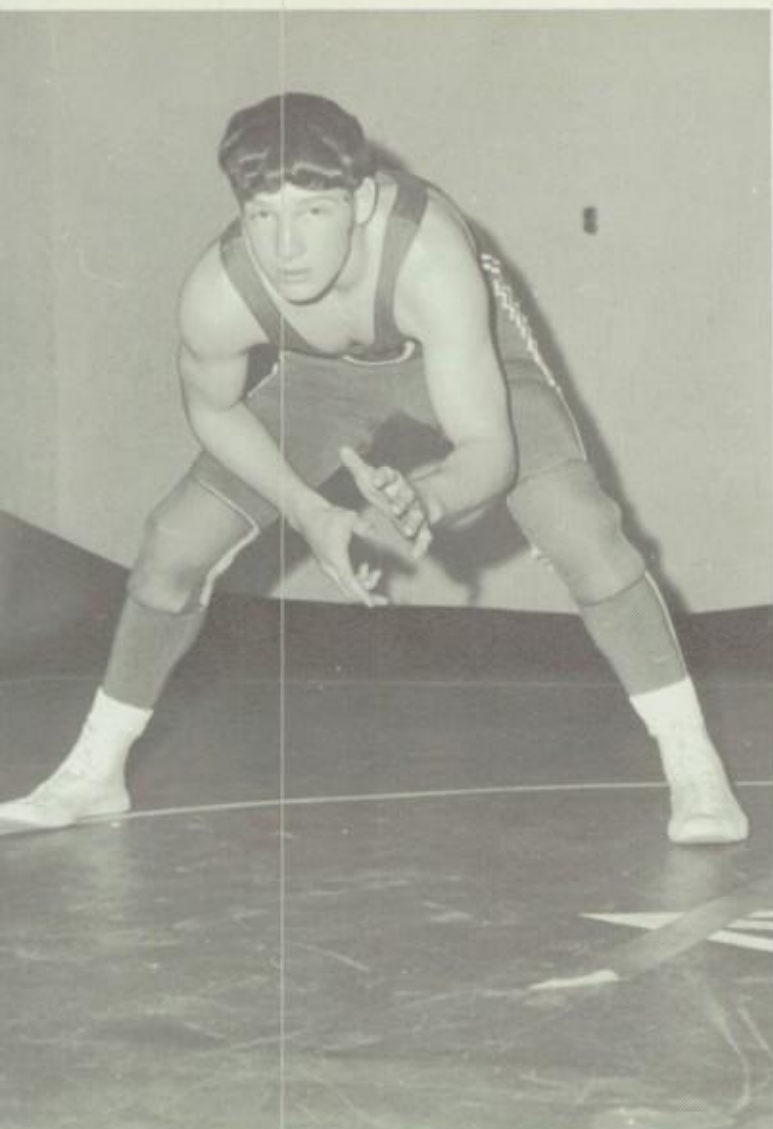

The varsity wrestling team experienced a rebuilding year during the 1969-70 season. Fifteen boys earned letters as the lineup saw several changes. Hard work, sacrifice, and concentration were the keys to winning records posted by several individuals.

Tom Prichard, Mike Slater, and Nick Bridges proved the most consistent winners for the Rockets. Intense efforts by Craig Bennington, Mark Sullivan, and Bob Walker subdued many opponents at tournament time. Twelve underclass lettermen should make Limestone tough to handle for future opponents.

Joe Lemkemann lettered in the high jump.

Rob Somogyi did a fantastic job in low hurdles.

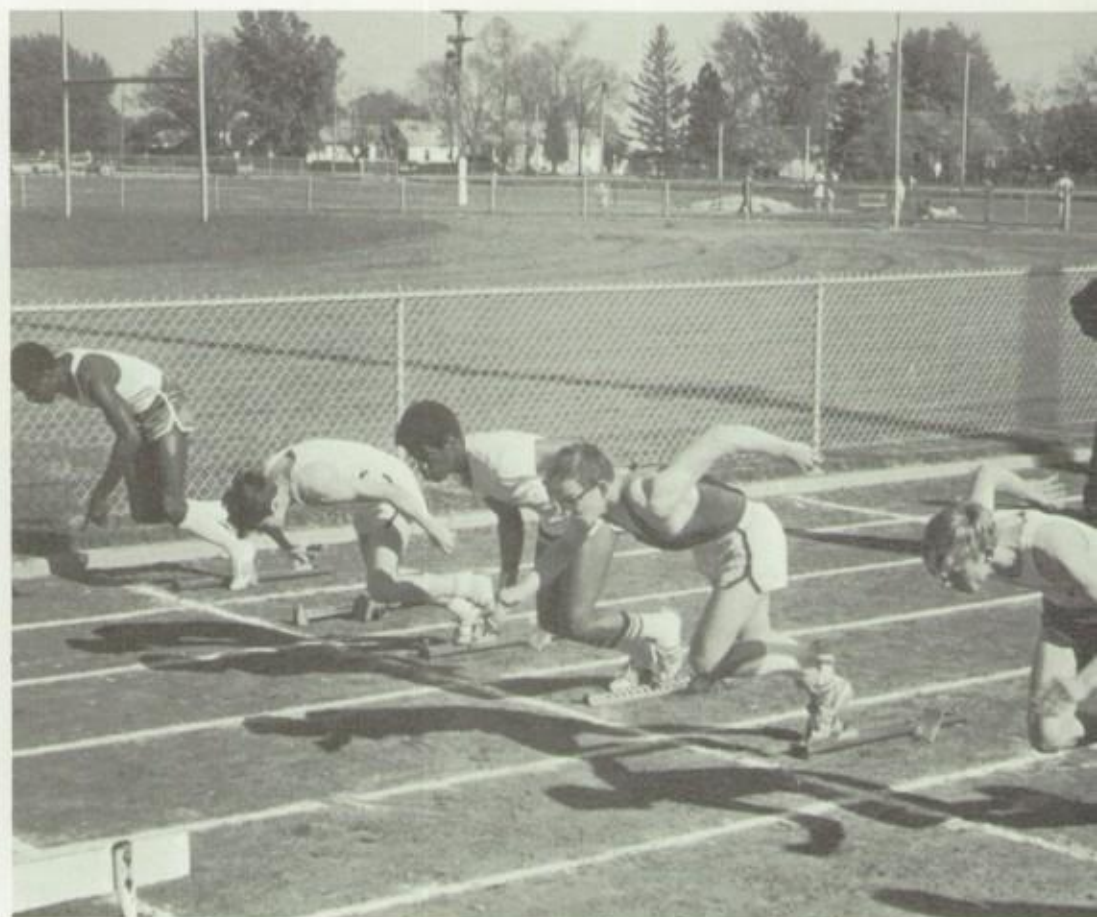

While the 1970 track team did not experience much success as a group, many individuals excelled for the Rockets. An outstanding performance came from junior Larry Williams. In three separate dual meets Larry came through with triple victories and anchored the winning 880 relay team. Bob DeRousse and Chuck Cemen-ska were consistent winners in the mile and 2 mile. Chuck set mile run records in both the Illini and Mid-State-Nine-frosh-soph meets.

Junior Kim Schindler ran within one second of the school's record for the 880 yard run. The same was true for the 880 yard relay team composed of Dan Cook, Jerry Stomberg, Dan Wrenn and Larry Williams. The mile relay consisting of Rob Somogyi, Kenny Carter, Don Smith, and Dan Wrenn also performed well for the Rockets. Tom Slater was a consistent point getter in the shot and discus as was Joe Lemkemann in the pole vault and high jump. Many of these track-sters are underclassmen, so the future looks bright for the cindermen at Limestone.

# Seniors Look To Future

Directing the last step to the future at High school, the Senior Class of 1970 has accomplished many goals and has achieved many awards.

Homecoming has always played an active part in the lives of all seniors. Their sophomore and junior years they received a second place on their class skit. Their float, "Hang 'Em High," and their skit were the results of a hard working class in this year's homecoming activities. Kathy Stevenson, 1969 Homecoming Queen, and Val Lauterbach, Senior Attendant, added that special touch of loveliness to the Homecoming Dance.

During spirit week the seniors came out winning the spirit paddle. The competition was based on

the spirit they exhibited throughout the entire week. This is just another way they proved what an enthusiastic group of seniors they are.

Seniors have to decide what the future holds for them. Whether or not to attend college was a question many seniors had to answer.

The wise leadership and guidance necessary in organizing these projects and other activities was provided by class officers Mike Roof, president; Randy Fisher, vice-president; Lynne Livengood, secretary, and Dan Boulton, treasurer. Assisting them were faculty advisors Miss Sommerfield, Mr. Thierer, Mrs. Heien, and Mr. Campbell.

A graduate of Woodruff High School, he received his B.S. Degree at Bradley University. Mr. Joyner has worked for area TV and radio stations since graduation from high school, with the exception of four years spent in the U.S. Army during World War II. He became Sports Director for WEEK in 1963.

# Freshmen Join Student Body

Freshman Biology students, Missi Miller and Sue Potter learn about microscopes.

The freshman class of '73, led by class officers Ron Slater, president; Tom Paschon, vice president; Jan Hawkins, secretary; and Robin Wright, treasurer, began their four year long attendance at Limestone High School. With the help of these officers and their hard working advisors, Miss Schrader, Mrs. Fulk, Mr. Gillette, and Mr. J. H. Morris, the freshmen were able to make a favorable first impression in their first year and to successfully jump into the '69-70 Homecoming activities with their float, "The Love Bug"; and their class skit, "Alice in Rocket Land".

Jacquine Jones, the homecoming attendant, was a grand representative for her class at the Homecoming Dance. The main money making project of this class was the sale of Limestone stationery.

"WHAT IS PAST IS PROLOGUE."—Shakespeare

The space program is only slightly more than a decade old . . . and man has already walked on the moon.

The electric industry has yet to mark its one-hundredth anniversary. However, it has transformed human lives far beyond even the vision of Thomas Edison, who foresaw great changes arising from his invention of the electric light.

Truly, today's dreams are tomorrow's realities. Prepare yourself well for the adventures to come.

Again this year, as in years past, the choral department would like to thank and congratulate the senior members of the varsity choir for the contribution to the music department.

Under the direction of Mr. J. M. Morris, the choir was heard in concert as well as in a combined effort with the varsity band.

The memories of enjoyment in song are memories to be cherished for years to come.

Dear John,

I hope this is  
readable - it's dark in here.

I hope I can make it to  
the park sometime when you're  
playing. It was fun that night  
when you, Brian & me were out there even  
if your team didn't show up. It looks  
from this yearbook that your school  
must've been a lot of fun. Hope you never  
regret moving here! I moved down here three  
years ago and I'm accustomed to it now!

Have fun this summer and stay out of trouble!

Don't lose your kind and funny personality. I

know you'll go far in life. Good luck in all you do!

Best Wishes! 'Remember Woodwards Class!'

Love, Alice

John,  
Be sure this year (31)  
you get a good football  
half time band pick  
up!

John,  
I hope we have English  
together next year (if you signed  
up for it), or some other classes  
when you go skating and I'm there  
don't run over me! It's a pen a lot of  
fun talking with you and being in Tuttle's  
class with you.  
Johnny Cook

Mike,  
you a friend I don't  
see much of; you'd better  
move to "Central district" so  
we could see you more often.  
You know who  
(Matt Doling)

Mike,  
To an old friend,  
We have grown up  
together constantly changing,  
but not our friendship.  
Best of luck in your last 2 years  
at Limestone. Sincerely yours,  
Steve Le Roy "72"
